ABOUT THE SERIES:

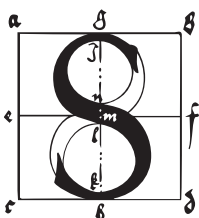

- The innovative split pages enable highly effective changes of scene.
- Includes a facts section which provides a quick reference to particularly interesting points.
- A comprehensive glossary and an index help readers locate information quickly.

- *Ships and Submarines* describes many types of vessel – from the first dugout canoes to huge liners.
- The book contains descriptions of famous ships like the *HMS Endeavour*, *Mayflower* and *Titanic*.

- *Egyptian Mummies* charts the preparation of a mummy from beginning to end.
- Religious, social and cultural perspectives on death in ancient Egypt are also covered.

- *Super Structures* describes world-famous, human-built structures from the Great Pyramid at Giza to International Space Station.
- The book explains different construction techniques and discusses types of building materials.

- *Exploration of Mars* describes the types of space mission that would be required to bring life to Mars.
- The book explains in detail different space probes and vehicles, using carefully crafted illustrations with extended captions and labels.
