ABOUT THE SERIES:

- *Adventures in the Real World* comprehensively covers the history of exploration throughout the ages and how technological advancements and inventions have played a pivotal role in exploring uncharted lands and the depths of space.
- Stunningly illustrated throughout, with clear text, maps and cutaway drawings which reveal what's going on inside, these titles provide an invaluable insight into the expeditions that shaped the world we live in.
- Descriptions of the most famous expeditions set in the historical back ground of their time provide a perfect introduction to areas of history that can often be daunting for young readers.
- The book features detailed, full-colour illustrations make this bright and colourful series eye-catching as well as informative.
- A complete glossary and index make each of these titles an ideal educational text for both home and school.
- Working endpapers showing 15th/16th century world exploration routes and navigation equipment and how it was used.
- 3D globes and maps showing routes.

OTHER TITLES:

Space
