### ABOUT THIS SERIES:

- An exciting new series which introduces younger readers to the wonders of the natural world.
- A unique mixture of innovative torn-paper illustrations and diagrams help to capture the imagination and bring the subject to life.
- See-through X-ray pages, when held up to the light, reveal fascinating hidden processes of life.
- Fact boxes, informative captions, questions and answers, a complete glossary and an index.
- Simple science projects make the book an interactive learning experience.
- Extensively checked with scientific and reading consultants to ensure this is ideal for both home and school.

### TITLES IN THE SERIES:

A good look inside your insides, How this tadpole grows into this frog and How this seed grows into this sunflower.
